## CODY & JACKSON MCLEMORE

### Selle Valley Carden School

The kindergarteners had a very productive day of school today. They learned about road safety; how to maneuver rocky roads, ditches, hills, and cattle guards; about bulls, cows, and calves; fences and gates and about gravity. And all from the seat of a bike! Who says Mondays aren't as great as Fridays?! We love Monday Funday!

# Hang Loose in Hawaii

Kyla is recovering from basal cell skin cancer. She had Mohs surgery on April 20<sup>th</sup> to remove the cancer, followed up by plastic surgery on April 22<sup>nd</sup>.

As you can imagine, this has been pretty emotional for me. I realized how important it is to share and let others know my story. Hopefully, it will help someone else realize they're not alone if this happens to them. People need to be proactive and take the necessary steps in prevention. May is skin cancer awareness month. I hope this helps everyone that reads this and they will feel free to share my story.

**(I appreciate all the phone calls, text messages and prayers. They really lifted me up this past week. xoxo)**
