**It's hard for me to post any wins for myself because I'm a perfectionist. I usually reflect and think that I could have done something different or better. So with this, I'll just simply say what an HONOR it is for another patient who is going through a cancer treatment to give back to the medical center and to give me recognition.**

**Working with Oncology patients has been one of the most humbling life experiences. I'm forever grateful to have been apart of the Cancer Resource Center at Mary Greeley and the people who I crossed paths with.**

## *Cancer Patient Recognizes Staff*

*Since 2014, we have celebrated gratitude at Mary Greeley Medical Center by providing an opportunity for patients and families to thank caregivers who went above and beyond their expectations — while also making a gift to support the medical center.*

A patient recently recognized Dr. Joseph Merchant and Logan Pejsha Davis from the Cancer Resource Center for the cancer care she has been receiving.

The patient stated that her wig fitting appointment was so helpful and Logan was very kind. She has felt very cared for throughout her cancer treatment by the whole cancer care group.

"Everyone at the Bliss Cancer Center is so nice and caring. I could not ask for a better place to go for cancer care. Thank you for the beautiful wig!"

To learn more about the Mary Greeley Foundation's Grateful Patient program, click [here](#).
