# Astrid

Our precious girl is 1 month old! Astrid has started exploring her voice and even flashed a few smiles (I swear it wasn't just gas 🐛) this past month. She has been an amazing sleeper and all around, a very happy girl. We love you so much, Astrid!

It takes alot to knock this little guy down ❤️

love xxox!

Probably not the best for them to be so close to each other right now but the damage is already done
