Here's the Christiansen 6.5 Creedmore rifle Dick Davis won at Pheasants Forever banquet. He bought a "bottomless drink" cup which we shared for the evening. The cup put him in a separate raffle, and his name was drawn. —Judy

## Brandon, Nicole, Bryson & Riley

Lizette flew the inaugural Airbus flight for United into Durango. Side benefit, she had a great looking jumpseater and we got to see Ali, Jimmy, and of course Olive! —Mike

This year is the celebration for 50 years of women in Naval Aviation (meaning that women started flight school to become pilots in the Navy 50 years ago) I started Navy flight school 41 years ago, in 1982.

This year is the first female Blue Angel demonstration pilot, LT Amanda Lee, and she is flying the F18.

So, a bunch of female pilots and navigators got together to show her our support. We went to the Blue Angels first Airshow of the season, on March 11th, at El Centro, CA. It was an awesome get together. A few of us that had flown together in the squadron, flying C130 aircraft, were together in San Diego and El Centro.

Some of the women in the Super Bowl fly over were there, along with some women from the first few class from the 1970's.

I am just so proud to be a part of the history of Women in Naval Aviation. —Lizette

Friends from the Navy Squadron I was in.

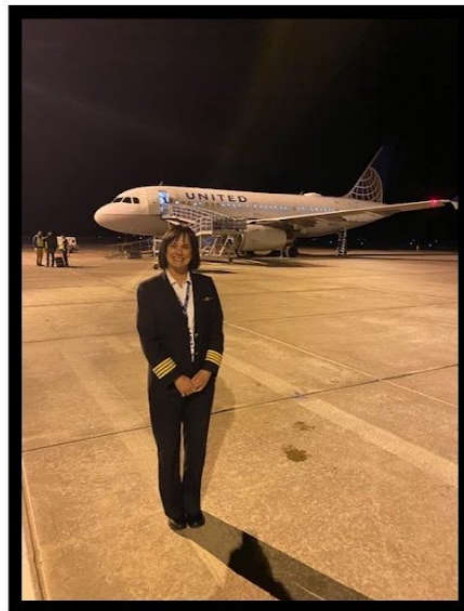

The first picture is one of the women in the Super Bowl fly over. The second picture is the First Female Pilot in the Marine Corp, about 12 years after me.

This picture is pretty small, but this group is the women (and a husband and a couple others) who flew the C130 together in the 1980's, with the Blue Angels.

The first picture is me and the training aircraft I flew 42 years ago (the T34C) and the second picture is the Airbus 320 I fly now for United Airlines. Mike took the picture. It was the inaugural flight on Mainline United aircraft (big planes) to fly into Durango Colorado. That was last Saturday night.

**I think we can all agree that  
our Lizette is totally badass!**
