My office can be found outside today!  
I attempted to get through 8.1 of our email, messages, and I somehow this morning but Ryan had other ideas. He # cancelled me that we most definitely needed to go for a ride on the George on the track and then blow up our water slide.  
Now back to the business world!

It's once again time for the NORRA 1000 Baja race. We start this morning and will race all the way to Cabo San Lucas over the course of the next five days. Wish us luck as we intend to defend our first place ranking from last year. This is NOT a solo effort, and I certainly could not be doing this without the help of my great team members, Bob Spar, John Spar, Jim Markel, Skip Delaney, Luke and Chelsea Babb and many others! The truck is prepared far better than it was last year, so here we go! for any of those of you that wish to follow along you may do so on the Nora website at [norra.com](http://norra.com) we are race entry number 1940 in the Challenger class. —Colin ☼☼☼
