congrats!

I made a big change and accepted the position as the Development and Communication Coordinator at the Skagit Community Foundation. This was an amazing opportunity to join an organization that connects people who care with causes that matter.

XOXO

Tatum has needed some new positive reinforcement this year, so his teacher introduced her own fake money in her classroom 🥰 of course being that his parents are business owners he hears to talk about money and budgets and bills. I assure this kid is going to grow up to be a CEO of a business some day. His smile just cracks me up.
